Introduction

This book contains all the most important words that you need to know to successfully complete writing/essay/AWA part of GMAT test.

This material is perfect for any serious candidate who does not wish to waste time researching and learning new vocabulary the traditional way. This book will make your learning more efficient with less of your own effort, which means more spare time to review other concepts.

We tried not to create just a regular dictionary with a bunch of words, but chose only the most necessary definitions from the examination materials. Knowing these words will definitely surprise your examiner, in a good way.

Acronym

Is an abbreviation consisting of the first letters of each word in the name of something, pronounced as a word (AIDS is an acronym for Acquired Immune Deficiency Syndrome; NATO is an acronym for North Atlantic Treaty Organization).

Agenda

Is a list of things to be discussed or done at a meeting or business event (for example: Are you sure we can cover everything on today's agenda in 2 hours?).

Agglomeration

Means a large group of many different things collected or brought together.

Agile

When someone or something is agile, it can deal with changes quickly and successfully. An agile company is able to adapt quickly and easily adapt to all changes and complexities.

Alleviate

Means to make something easier to deal with or endure.
