~~Maybe~~ you can

As I have come to realize that this story has come to an end, I still cannot comprehend how it all happened.

From an early age, I've known that I was not special. After all, no one really is. I have also known that only a few things are truly out of my reach; most of the rest is attainable by money and if you lack the money...there is creativity.

I got tired of looking at magazines and other media screens while dreaming of these hot famous women who then seemed out of my reach. As I was not rich or famous, I had to find another way to get closer to them.

I found a way to date hot and famous women.

I punished the naughty and those who sang Amen.

I played Cock and Tail, in every possible way.

Compared to what happened then and there, this book is merely _____ child's _____ play.

Be Legendary

Before you opened your eyes for the first time, legendary playboys walked the earth. Seducing some of the most beautiful women out there. In its purest form, their tactics then, are still valid today; “impress a woman and she will be all yours”.

Think Casanova, think Don Juan de Marco, think **You**. That last word was not a typo. Also you can become a legendary man women adore and are attracted to like a solid magnet.

Even though there are many things you can not fully change, such as your race and appearance for example. Plenty of other factors lay at the mercy of your will.

You might be unable to change your looks, but you can change the way you interact with people, the way you speak and the subjects you speak about. Like with everything else; time is a valuable thing, even though some might not realize it.

A woman's time is also valuable. Therefore, you have the task to impress her first, and accordingly let the dices fall, not where they will, but where you would like them to.
